

# MCH

MCKAY CONANT HOOVER INC  
Acoustics and Media Systems Consultants

This \$80M complex for the large software producer comprises 4 buildings providing 460,000sf of new expansion space. Intuit provides consumer and business financial software such as TurboTax, Quicken and QuickBooks so building interiors include administration, AV equipped, combinable training rooms, IT, electronic labs, a full service cafeteria (which doubles as a presentation meeting space) and a fitness center with cable television and music programming. Offices use fully demountable partitions allowing greater space-planning flexibility. Typically, eight to ten demountable offices are grouped into 122, multi-media enabled, collaborative "neighborhoods" spread throughout the four buildings. MCH provided acoustical consulting on 3 and AV consulting on all 4 of the buildings at the campus, completed in 2007.
